**DETAILED ACTION**

***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: No prior art reference has been found to teach or suggest determining a performance measure which is "sensitive to a change in spatial modulation" and controlling the communication resources based on thus measured performance, which makes it possible to "evaluate the actual performance of different modulation schemes in the current communication channel" as asserted on page 22 of the Remarks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kevin Y. Kim whose telephone number is 571-272-3039. The examiner can normally be reached on 8AM --5PM M-F.
